

5 RULES

I Always Follow

AS SOON AS WE GET TO A HOTEL

Simple things I do right away for an easier stay.

1

UNPACK ONLY WHAT WE'RE ACTUALLY GOING TO USE

- Hang anything that wrinkles
- Keep most clothes in packing cubes
- Put shoes in one spot
- Start a dirty laundry bag

2

STOCK THE FRIDGE + MAKE A SNACK SPOT

- Put cold items in the fridge
- Put snacks & water in one spot
- Set aside easy breakfast foods
- Stop for groceries if staying a few nights

3

GET THE BATHROOM + BEDTIME READY

- Put out toothbrushes & toiletries
- Figure out where everyone is sleeping
- Set out pajamas, blankets & sleep items
- Make bedtime as easy as possible

4

FIGURE OUT THE HOTEL

- Find the pool, breakfast area, lobby, etc.
- Check breakfast & pool hours
- Look for hotel activities & amenities
- Snap a photo of the important info

5

LOOK AT TOMORROW'S PLAN

- Check what time we need to leave
- Lay out outfits & pack what we need
- Pack day bag, diapers, swimsuits, etc.
- Plug in & charge everything

Do a little now, relax a lot more later.

THEN GO FIND THE POOL. VACATION OFFICIALLY STARTS.
